

OM GANAPATAYE NAMAHA

SRI MEENAKSHI SUNDARESWARARA SWAMY TEMPLE

L.P Madam, Chakkanthara, Palakkad, Kerala - 678006

**JEERNODHARA ASHTABHANDHANAM
MAHAKUMBHABHISHEKAM 2027**

Renovating a Shiva temple is a great blessing that we have received in this life. Let us be, blessed by the Shiva lineage, stand together and participate in this pious work of the Lord. Om Namah Shivaya

Om Sree Meenakshi Sundareswara Namaha

Dear devotees,

Sri Meenakshi Sundareswara Swamy Temple, located in the heart of Palakkad district in Kerala, is one of the rare and ancient temples where Sri Madurai Meenakshi and Sri Sundareswara Swamy face east. Built on the same concept as the Madurai Meenakshi Temple, this is a complex of one and a half acres and an Ambalakulam, which is about 700 years old. Lord Shiva resides here in a peaceful form in the presence of Goddess Parvati.

Restoring the temple structures and surrounding areas to their original state is a significant undertaking. The civil work alone is estimated at approximately 1.75 to 2 crores, with a similar amount required for the Kumbhabhishekam and subsequent daily poojas.

Devotees have come forward to restore and perform the Kumbha Abhishekam (consecration) of the temple, which has been eroded by the passage of time.

The temple has been in a dilapidated condition for 7 decades. As a result of the prayers and great desire of the devotees, the devotees are preparing to conduct the Kumbhabhishekam of the temple with the goal of 2027. In the name of Lord Sri Meenakshi Sundareswara Swami, we request the wholehearted cooperation of all the devotees towards our goal of Mahakumbhabhishekam.

DETAILS ABOUT TEMPLE

LOCATION: LINGAPATTAR MADOM, CHAKANTHARA, PALAKKAD
AREA: EAST FACING, 1:5 ACRE, TEMPLE TANK IN FRONT
MAIN DELTY: MEENAKSHI SUNDARESWARAR

According to available records, this temple was built several centuries ago by a family from the Nagarathar community. Its last Kumbhabhishekam was performed in 1957. Although a subsequent Kumbhabhishekam was planned for 1969 and the Balalayam was completed, the Punah Prathishta could not be performed at that time due to various reasons. The descendants of the community eventually migrated to Tamil Nadu, and as a result, the temple was neglected.
